REGIMENTAL BULLETIN NUMBER SIX.

Dear Members,

As Christmas time draws near, your President and Members of the Committee take this opportunity of extending to all members their heartiest greetings and best wishes for a very happy Xmas and a prosperous New Year.

Our Second Annual Ball which was so well advertised, was held on Show Evening, the 24th September, 1947 at "Eton Hall", Commercial Road, Prahran. The Ball was rated a high success by everyone who rolled up, the weather was perfect, there was plenty of the usual and the orchestra was really first class.

Your Committee would have liked to have seen a bigger attendance of members for, as we all know, the greater the numbers, the greater the enjoyment.

Mention was made in the last Bulletin that we had adopted ten British families, all next-of-kin of deceased members of the 18th Lt. A.A. Regt. (British) and to date ten parcels have been despatched - this is only the first issue and we anticipate forwarding another batch in the near future.

As we have had several of our Bulletins returned marked "Address unknown" we would like all members who have changed their address to notify us of such change. Also, we would be pleased to learn the new addresses of the following members:-

M. Crawley:    E.A. Jenkins:    R.V. Paton:    J.M. Murphy.

The plans for our next re-union to be held on Anzac Eve, 1947 are well under way, and we are expecting an even greater attendance than we had at the last one, so determine now that you will be present. More about this in our next Bulletin.

Now for news of the doings of some of our fellow members.

LLOYD JONES (ex P.O.W.) 7th Bty., in the best of health, is in the building trade at Rutherglen.

RUPERT CHARLES (7th Bty.) is at Serviceton, his son won the 1st Prize at a recent Baby Show held at Bordertown S.A. Must take after his mother!

Pleasing news comes from BOB DOWLING (9th Bty.) that after a long convalescence he is now back in his old town, "Ballarat". Best of health to you Bob!

TOM EVELY is a Bank Manager at Warburton so should be good for a "touch".

W.E. CASSIDY (7th Bty.) living in the Chiltern district.  
Thanks for the note "W.E."
